

Re: Carpetland USA  
Walworth Hospital Expansion

To Whom It May Concern:

Walsh recently completed a \$42 million dollar hospital renovation and new construction addition of which Carpetland USA/Color Tile was the flooring contractor. They receive Five Stars for their performance which was timely and professional with a very tight construction calendar. The installation of specialty flooring along with the carpet and resilient was flawless and manned appropriately for a high speed project in a difficult environment.

Sincerely,

*Jeff Spiller*
